(Cooking facilities preferred) venue to provide

## Set/props and costume

All fit inside a couple of suitcases

(There is 40-kilogram excess luggage fee will apply on most flights)

## Type of venue required

- Black box with dance floor
- Concealed entrance and exit space on both sides of the stage (wings)
- Cyclorama at back of space
- Ability to move backstage from OP to P without entering the stage
- Roof, high enough for two people to stand on shoulders

## Technical requirements (venue to provide)

- All audio and visual projections run off the one DVD player (you simply press play at the start of the show) [for best quality run from Mac Laptop]
- Data projector with 16 × 8 capability rigged from the roof or back projected
- A slide projector with a long throw lense (for a small image) projected onto a suitcase that hangs from the ceiling down stage prompt side
- Basic lighting grid and a couple of specials (cold and warm wash)
- Space above or in the lighting grid to rig a sand drop (we provide the sand bag, you provide the sand)
- Space in the rig to fly in a small suitcase on a length of chain
